

Annual & Triennial Reports

Triennial report

The FSA Science Council publishes a report on its first three years (2017-2020), setting out the work it has done over that time, its achievements and the impact that work has had. This also includes the annual report for financial year 2019-20.

Annual Reports

These reports provide an annual summary of the FSA Science Council's activities for that financial year and an annual self-assessment against the Good Practice Guidelines.
