Table 7: Summary of responses: What new changes towards net zero are being implemented already? (Outside of your sector)

Category	Academia	Manufacturing	Farmers & veterinary surgeon	Other
----------	----------	---------------	------------------------------	-------

Energy	<ul style="list-style-type: none"> • Green energy • Wind and solar energy • Improved air pollution and changes to transport • Electricity • Changes in refrigerator technology • Vehicles • Light Emitting Diodes (LED) lights 	<ul style="list-style-type: none"> • Green energy • Away from fossil based: solar, wind, earth, tides etc. • Solar Photovoltaic technology, coupled to (mainly) battery energy storage
Technology		<ul style="list-style-type: none"> • Robotics and technologies associated with detection
Waste	<ul style="list-style-type: none"> • Water use reduction, storage, and recycling 	<ul style="list-style-type: none"> • Utilisation of waste streams

Farming methods

- Nature-based solutions

- Carbon sequestration (agroforestry, tree planting)
- Some living manures that is leguminous co-crops.

Consumer diet

- Move towards less meat

Packaging

- Activities around packaging should be harnessed and circulated as best practice
