Summary

Science Council members are asked to:

1. Read the FSA Science Update 2022 (FSA 22/12/07)
2. Discuss and provide feedback on the document.

Introduction

1. Every year the FSA Science, Evidence and Research Directorate (SERD) produces an annual update on FSA's science, including the development of the FSA's science, evidence and research capability; a review of achievements and the progress made since the last update; and a summary of future plans.

Discussion

1. Science Council members are asked to read the paper ahead of the upcoming Science Council open meeting and provide general feedback and observations on the contents.
